May 31, 2011

Dear Nick and other VASI members:

The Warehouse would like to thank you for VASI's involvement, encouragement and participation at the May 21, 2011 Venice Airport Event. We would also like to especially thank the guys who spent time at the grill cooking up those hot dogs and hamburgers, and also took the time to get the grill to and from the event.

After it was all said and done there were about fifty people in attendance and about half of those were teens and young adults from the Warehouse.

As we talked that day with the various youth and their families, everyone was so very excited about the event, and it truly did spark an interest in aviation, in one way or another, for just about everyone there from the Warehouse.

We took lots of photos and many of them are on our website at VeniceWareHouse.com under the Events and Activities section. And, I'm hearing there is going to be an "Our Town" front page spread in the Venice Gondolier, probably in the June 11th paper. We're looking forward to seeing how that turns out.

Mostly we just want you to know how great it has been getting to know you and your group. We look forward to continuing our efforts together and letting our young people know there are some great, positive alternatives in Venice.

Thanks again for helping us encourage our youth,

Debra Eaton, President

P.S. To let others know how much we appreciate you and your encouragement towards area young people and our volunteers, we have displayed your logo and link on our website – VeniceWareHouse.com. Go to the Events and Activities Page and click on the helicopter photo.
